

HMIS Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN ACCESS THIS INFORMATION.

Center of Concern and the Northeast Illinois Homeless Management Information System (HMIS)

When you request services from Center of Concern, information about you and members of your family is entered into a computer system called HMIS, or Homeless Management Information System. HMIS is a project of the Alliance to End Homelessness in Suburban Cook County (Alliance) in partnership with many organizations in northeast Illinois that provide homeless, health care, medical, and social services to persons and families in need. The information collected in HMIS will help us coordinate and provide better service, document the need for additional services, and generate reports such as the number of persons who are homeless or at risk of homelessness in northeast Illinois.

How your information in the HMIS may be used

Unless restricted by law, the information can be used by:

- Authorized people who work in Center of Concern, HMIS partner organizations (including the regional Veteran's Administration) for administrative purposes related to providing and coordinating services to you or your family, or for billing or funding purposes.
- Auditors or others who review the work of Center of Concern or need to review the information to provide services to Center of Concern.
- The HMIS system administrator(s), the Alliance and its designees, and the HMIS developer (Bowman Systems Inc.) for administrative purposes (for example, to check data errors).
- Individuals performing academic research who have signed a research agreement with Center of Concern or the Alliance. Your name, social security number or other identifying information may be used to match records, but will not be used directly in the research unless you sign a separate consent.
- Center of Concern or the Alliance may use your information to create aggregate data that has your identifying information removed. Also, Center of Concern may disclose to a third party aggregate data so that the third party can create data that does not include any of your identifying information.
- Government or social services agencies that are authorized to receive reports of homelessness, abuse, neglect or domestic violence, when such reports are required by law or standards of ethical conduct.
- A coroner or medical examiner or funeral director to carry out their duties.
- Authorized federal officials for the conduct of certain national security or certain activities associated with the protection of certain officials.
- Law enforcement officials, but the disclosure must meet the minimum standards necessary for the immediate purpose and not disclose information about other individuals. A court order or search warrant may be required.
- Others, to the extent that the law requires a specific use or disclosure of information. Information may be released to prevent or lessen a serious and imminent threat to the health or safety of a person or the public; if the disclosure is made to a person or persons reasonably able to prevent or lessen the threat or harm, including the target of a threat.

Other uses and sharing of your information will be made only with your written consent.

HMIS Notice of Privacy Practices

Center of Concern is required by law to maintain the privacy of your protected personal information, and to display a copy of the most recent Notice. Center of Concern reserves the right to change the Notice from time to time, and if it does, the change will affect all of the information in the HMIS, not just the information entered after the change.
