The Center of Concern is celebrating our 45th anniversary this year! Thanks to your faith, support, and trust, every day we work toward our mission of supporting families and strengthening the community, and we are proud to share with our supporters that *Hope Grows Here*!

This spring, get a jump start on your outdoor garden with a donation to the Center of Concern. In exchange for your generosity, you will receive begonia flowers in a surprise assortment of colors, and if you donate at a "garden" level, your flowers will be accompanied by a Center of Concern yard sign to show your community your support!

Begonias are an easy and beautiful annual flower that can be planted in the spring. They will grow 6 to 18 inches tall and 6 to 12 inches wide and enjoy sun, partial shade, or shade. They can be planted in containers or directly in your garden with well draining soil, and are also drought tolerant, but appreciate regular moderate watering. These begonias will come in a 4.5 inch plastic pot in a surprise assortment of colors—yellow, pink, orange, white, or red.

Choose from a variety of donation levels on the donation form on the back of this letter. You can even choose to have your flowers donated to a friend or family member, or to a Center of Concern client.

Your generosity in celebration of our 45th anniversary helps the Center of Concern offer critical year-round services to vulnerable residents in need.

Thank you for your support,

John McNabola  
Executive Director, Center of Concern
